The Liquor Licensing Authority shall have the authority to issue temporary licenses only to the extent set forth in Section 12-47-303, C.R.S. If a temporary license is issued to an applicant, such temporary license shall contain the name of the licensee, the address of the licensed premises and the date of issuance, and it shall be posted conspicuously on the licensed premises. (Prior code 7.08.090; Ord. 4 §1, 2005)

Sec. 6-5-100. Suspension and revocation of licenses; hearings.

(a) Proceedings for suspension or revocation of a liquor license shall be commenced in either of the following manners: (1) upon the filing of a complaint with the Liquor Licensing Authority by a third party which is supported by probable cause; or (2) upon the request of the Chief of Police or City Clerk based on a determination that there is probable cause to believe a violation has occurred or is occurring after a full investigation. The Liquor Licensing Authority shall set a time and place for a hearing on the matter, and the City Clerk shall give the licensee timely written notice of the date, time and place of the hearing. The notice shall describe generally the alleged violations and the grounds showing probable cause for suspension or revocation of a license. The notice shall be served on the licensee by certified mail to the last address furnished to the City at least forty-eight (48) hours prior to the hearing.

(b) The Liquor Licensing Authority or a hearing officer appointed by the Liquor Licensing Authority shall conduct the hearing. The hearing officer may be a designated City Council member or Municipal Judge.

(c) The City Clerk and the hearing officer shall have the power to administer oaths, issue subpoenas and, when necessary, grant continuances.

(d) In all such hearings, the City Attorney shall act on behalf of and advise the City Council. The Liquor Licensing Authority shall appoint special counsel to conduct an investigation and prosecute the licensee on behalf of the City.

(e) All hearings before the Liquor Licensing Authority or the hearing officer shall be conducted in accordance with the procedures set forth in Chapter 1, Article VII of this Code.

(f) If the Liquor Licensing Authority conducts a hearing, it shall render a decision in accordance with Section 1-7-60 of this Code. If the hearing is held before a hearing officer, the hearing officer shall make a recommendation in writing to the Liquor Licensing Authority within thirty (30) days after the close of the hearing. The written recommendation shall contain findings of fact and conclusions of law based on the evidence presented at the hearing. A copy of this summary and recommendation shall be transmitted to the licensee. At the next regular Council meeting following the submission of the hearing officer's recommendation, the Liquor Licensing Authority shall consider the same. In its discretion, the Liquor

Licensing Authority may reject the hearing officer's recommendation, refer the matter back for further proceedings, adopt the recommendation or order a new hearing, either before the original hearing officer or before the entire Liquor Licensing Authority or a committee or member thereof.

(g) The Liquor Licensing Authority may suspend any license for a period up to six (6) months, or revoke a license permanently, based on evidence of good cause therefor presented at the hearing.

(h) In the event of revocation, suspension or cessation of business, no portion of the license fee or occupation tax shall be refunded.

(i) The licensee shall have the right to appeal or seek judicial review of a decision of the Liquor Licensing Authority as provided in Section 1-7-70 of this Code. (Prior code 7.08.100; Ord. 1 §§6, 7, 2005; Ord. 4 §1, 2005)

Sec. 6-5-110. Optional premises license.

Pursuant to Section 12-47-310, C.R.S., the City adopts the following standards for issuance of an optional premises license:

(1) The application for an optional premises license shall include all the requirements of Section 6-5-40 of this Article.

(2) The application for an optional premises license shall include a legal description of the premises on which liquor is to be served.

(3) If the standards set forth in Subsections (1) and (2) above are met, the City Clerk is authorized to issue an optional premises license. (Prior code 7.08.110)

Sec. 6-5-120. Special event permit application.

Pursuant to Section 12-48-101 et seq., C.R.S., the City may issue special event permits for the sale of fermented malt and alcoholic beverages to those organizations set forth in the special event permit statute and on the grounds set forth therein. (Prior code 7.08.120)

Sec. 6-5-130. Alcohol beverage tastings authorized.

Pursuant to Section 12-47-302(10)(a), C.R.S., the City authorizes alcohol beverage tastings for licensed retail liquor stores and liquor-licensed drug stores within the City. The City shall not require a further application prior to allowing retail liquor licensees to conduct alcohol beverage tastings, and elects not to impose additional limitations on such tastings beyond those limitations set forth in Chapter 47 of Title 12, C.R.S. (Ord. 18 §2, 2004)

Sec. 6-5-140. Issuance of licenses.

All licenses shall be issued in accordance with the laws of the State and the ordinances of the City. Licenses may issue after the applicable requirements have been met for posting and publication of notice, the preliminary investigation has been conducted, a public hearing has been held before the Liquor Licensing Authority when required, and approval is granted by the State Licensing Authority. In no event shall any license be issued until it is satisfactorily established that:

(1) All requirements and conditions of licensure set forth in Sections 12-47-307 and §12-47-313, C.R.S., have been met or found to exist; provided, however, that the restrictions on the location of buildings in which liquor is sold within five hundred (500) feet of land used for school purposes, set forth in Section 12-47-313(d), C.R.S., may be eliminated or reduced by the Liquor Licensing Authority on a case-by-case basis only for hotel, restaurant and brewery/restaurant licenses, or special event permits, upon the request of the license holder. Any waiver or modification of the distance requirements otherwise applicable to such licenses shall only be granted after review and comment by the governing body of the applicable school or university. A request to waive or modify the statutory distance requirements will be reviewed based on the following criteria:

- a. Type of school property and uses involved;
- b. Schedules of school operation;
- c. Type of liquor license involved;
- d. Hours of operation of the proposed establishment or event;
- e. Potential for disruption of school activities; and
- f. Likelihood of increase in liquor-related violations by minors.

(2) The applicant or any principal, partner, officer, director or stockholder holding over ten percent (10%) of the issued and outstanding stock, if any change since initial approval, has good moral character and reputation.

(3) The applicant remains or will be entitled to possession of the premises for which the application is made under a lease, or by virtue of ownership thereof, and that the use of the premises at the proposed location does not violate the zoning laws or any other laws of the City or the State.

(4) After approval of an application by the Liquor Licensing Authority and after the building in which the license is sought to be exercised has been made ready for occupancy with such furniture, fixtures and equipment as is necessary to comply with the provisions of these rules and the laws of the State, an inspection of the premises has been made to determine that the application has complied in every material detail with the plans and specifications submitted at the time of the filing of the application.

(5) The applicant has not applied for and been denied a liquor license for an establishment located within five hundred (500) feet of the proposed location within the preceding two (2) years. (Prior code 7.08.130)

Sec. 6-5-150. Application fees.

(a) An application fee shall be paid to the City in connection with all applications for liquor and fermented malt beverage licenses, including new, renewal, temporary, change of location or change of ownership licenses, modification of premises permits, temporary permits and special event permits. City application fees shall be set out in Appendix A to this Code, a copy of which is available in the office of the City Clerk. The application fee shall be collected to cover the costs of the preliminary investigation

made by the City, administrative time, publication and posting costs and other necessary and incidental expenses.

(b) An application fee payable to the State Department of Revenue shall also be paid by all applicants in an amount as provided by the State Licensing Authority.

(c) An annual license fee shall also be paid to the City by the owners of all licensed premises. Such City license fee shall be as set forth in Sections 12-46-107(2) and 12-47-505, C.R.S.

(d) Annual license fees shall also be paid to the State Department of Revenue for particular state licenses, as set forth in Sections 12-46-104 and 12-47-501, C.R.S. (Prior code 7.08.140; Ord. 4 §1, 2005)

Sec. 6-5-160. Appeals; cost of transcript.

Any party aggrieved by a decision of the Liquor Licensing Authority may appeal said decision or seek judicial review thereof in accordance with Section 1-7-70 of this Code. An administrative fee as set forth in Appendix A to this Code shall be charged, together with the cost of preparing a transcript of the proceedings, whenever a transcript is demanded by the person seeking the review or furnished by the City pursuant to an order of court. The cost of preparing a transcript of testimony before the Liquor Licensing Authority shall be charged at rates ordinarily charged by certified shorthand reporters. (Prior code 7.08.150; Ord. 4 §1, 2005)

Sec. 6-5-170. Education requirements for licensees.

(a) Education requirements.

(1) All managers or owners/operators registered with the State and the Liquor Licensing Authority are required to attend an educational liquor seminar approved by the Liquor Licensing Authority at the next scheduled seminar offered by the City after the date the license is approved by the Liquor Licensing Authority and to receive a certificate of completion. Such certificate may take the form of a card or any other form decided upon by the Liquor Licensing Authority. Successful completion of the educational liquor seminar must be recorded with the Liquor Licensing Authority. The certificate of completion shall be valid for a period of four (4) years.

(2) Except for volunteers serving alcoholic beverages pursuant to a special events permit, every licensee shall ensure that, upon employment, all servers shall attend the next scheduled educational liquor serving seminar offered by the City and receive a certificate of completion. The certificate received by servers who successfully complete the educational liquor serving seminar shall be valid for a period four (4) years.

(3) At every event for which a special event liquor license is issued, the licensee shall ensure that at least one (1) server, manager or owner/operator, including volunteers, who has successfully completed an approved educational liquor serving seminar, is present at all times and is supervising the dispensing of alcoholic beverages.

(4) At the time an applicant files an application for issuance, renewal or transfer of a liquor or fermented malt beverages license, or to change the location or corporate structure of the licensed premises or entity, the applicant shall submit to the City Clerk information to prove that the requisite

percentage of servers, managers and/or owners/operators required to be certified under this Section have certificates in full force and effect as a condition of approval of the application. Required information shall include the names of all servers, the date of hire of all servers, the date each server attended training and the date of expiration of each server's certification. All licensees shall maintain a file of certificates on all managers and owners/operators employed by said licensee and shall exhibit said copies of certificates when requested to do so by the City Clerk, the Chief of Police, police employees or other appropriate officials of the City.

(b) Course requirements.

(1) Every agency offering a course of instruction approved by the Liquor Licensing Authority shall issue a certificate to those enrollees who successfully complete the liquor educational seminar. The certificate shall be dated to show the date of completion of the training and the date of certificate expiration, and shall be evidence that the person has been in actual attendance a minimum number of hours at the course and has achieved a reasonable mastery of the theories and facts presented. No agency approved by the City Council to provide manager or owner/operator training shall issue a certificate unless the person has actually attended and achieved a reasonable mastery of the materials.

(2) The Liquor Licensing Authority shall establish by resolution the general criteria for courses and qualifications of instructors which shall satisfy the liquor educational requirements of this Section. These requirements shall be available in the office of the City Clerk. Any qualified person may submit to the City Clerk a request that a particular seminar be deemed to meet the educational requirements. The City Clerk or Liquor Licensing Authority may make such determination.

(c) Costs. All persons enrolled in an educational liquor seminar presented by the City pursuant to this Section must pay to the City Clerk the actual cost of attending the seminar.

(d) Penalties for noncompliance.

(1) Failure to comply with this Section shall be considered a violation of the conditions for the issuance of a license and a violation of this Code and may be punished accordingly.

(2) Failure to maintain continuous compliance with the educational requirements of Subsection (b) above may subject a licensee to suspension or revocation of a license as provided for in Section 12-47-601, C.R.S. (Prior code 7.08.160; Ord. 17 §4, 2008)

ARTICLE VI

Oil and Gas Exploration and Production

Sec. 6-6-10. Scope.

Unless otherwise stated in this Article, this Article shall apply to any and all exploration, development or production of oil and/or gas within the City limits, notwithstanding any provisions to the contrary as stated in Chapter 16 of this Code pertaining to zoning. The provisions of these regulations shall apply to the construction, alteration, repair, erection, location and maintenance of any gas and/or oil well or related structures within the City limits. (Prior code 5.24.010; Ord. 40 §2, 2006)

Sec. 6-6-20. Purpose.

The purpose of this Article is to provide for exploration and development of oil and gas within the City, to protect the health, safety and welfare of the residents of the City, to provide for sound environmental and safety practices for oil and gas operations within the City, and to prevent damage to City streets and bridges. It is recognized that under state law the surface and mineral estates are separate and distinct interests in land and that one may be severed from the other. Owners of subsurface mineral interests have certain legal rights and privileges, including the right to use that portion of the surface estate reasonably necessary to extract and develop their subsurface mineral rights. The State has a recognized interest in fostering the efficient development, production and utilization of oil and gas resources, and particularly in the prevention of waste and protection of the correlative rights of mineral interest owners and producers to a fair and equitable share of production profits. Similarly, owners of the surface estate have certain legal rights and privileges, including the right to be accommodated by the mineral lessee, which includes the right to require the lessee to use reasonably available alternatives, if the lessee's operation would impair or preclude uses by the surface estate owner. Municipal governments have a statutory and judicially recognized authority and responsibility to regulate land use within their jurisdiction. These regulations are intended to be an exercise of that land use authority of the City in a manner that upholds the balance between municipal and state interests. Nothing in this Article shall be construed as giving the City authority to enforce state or federal laws, rules or regulations. (Prior code 5.24.020; Ord. 40 §2, 2006)

Sec. 6-6-30. Definitions.

All terms used in this Article that are defined in the Act or in Commission regulations and are not otherwise defined in this Section, are defined as provided in the Act or in such regulations as of the effective date of the ordinance codified herein. All other words used in this Article are given their usual, customary and accepted meaning, and all words of a technical nature, or peculiar to the oil and gas industry, shall be given that meaning which is generally accepted in said oil and gas industry. When not clearly otherwise indicated by the context, the following words and phrases used in this Article have the following meanings:

Act means the Oil and Gas Conservation Act of the State of Colorado.

Applicant means that person, corporation or other legal entity possessing the legal right to develop the mineral resource or any other use proposed in connection thereof for the site in question; generally, the applicant will be the owner or lessee of the mineral estate.

Building units means a building or structure intended for human occupancy. Every guest room in a hotel/motel or bed-and-breakfast facility is equal to one (1) building unit, and every five thousand (5,000) square feet of building floor area in commercial facilities is equal to one (1) building unit.

Commission or *OGCC* means the Oil and Gas Conservation Commission of the State of Colorado.

Day means a period of twenty-four (24) consecutive hours.

Injection well means any hole drilled into the earth into which fluids are injected for the purposes of secondary recovery, storage or disposal, pursuant to authorizations granted by the Commission.

Oil and gas well means any hole drilled into the earth for the purpose of exploring for or extracting oil, gas or other hydrocarbon substances, including but not limited to directionally drilled wells.

Operating plan means a general description of a facility identifying purpose, use, typical staffing pattern, seasonal or periodic considerations, routine hours of operating, source of services, infrastructure and any other information related to regular functioning of such facility.

Operator means the person designated by the working interest owners as operator and named in Commission Form 2 or a subsequently filed Commission Form 10.

Owner means any person with a working interest ownership in the oil and gas or leasehold interest therein.

Production site means the area surrounding proposed or existing production pits or other accessory equipment required for oil and gas production, at which may also be located tanks and tank batteries, exclusive of transmission and gathering pipelines.

Re-entering means accessing an existing well bore for either the original or amended purpose, provided that such well has not been abandoned.

Sidetracking means entering the same well head from the surface, but not necessarily following the same well bore, throughout its subsurface extent when deviation from such well bore is necessary to reach the objective depth because of an engineering problem.

Twinning means the drilling of a well within a radius of fifty (50) feet from an existing well bore when the well cannot be drilled to the objective depth or produced because of an engineering problem, such as a collapsed casing or formation damage.

Use tax means the tax paid by a consumer for using, storing, distributing or otherwise consuming tangible personal property or taxable services inside the City.

Sec. 6-6-40. Special use permit requirements and procedures.

(a) Proposed new wells, redrilling certain wells and other specific enhancements.

(1) Within all zone districts, it shall be unlawful for any person to drill a well, reactivate a plugged or abandoned well or perform initial installation of accessory equipment or pumping systems unless a use by special use permit has first been granted by the City in accordance with the procedures prescribed herein.

(2) When such permit has been approved for a well, the twinning, sidetracking or re-entering of such well for the purposes of deepening, recompleting or reworking shall not require a subsequent

approval under this Article. If any twinning, sidetracking, deepening, recompleting or reworking of a well, or relocation of accessory equipment or gathering and transmission lines occurs, then the operator shall submit a revised site plan to the City depicting any changes from the approved special use permit. After review of the revised site plan, the City shall issue a Notice to Proceed as provided in Section 6-6-70. The approval of such permit does not relieve the operator from otherwise complying with all applicable regulatory requirements of the City, state and federal governments.

(3) The special use permit is limited to the current proposed facilities as shown on the approved plan. To the extent the applicant desires, after initial completion of a well, to place additional equipment on a tank battery or wellhead location which was not shown in the approved plan, the applicant must, except in a situation where additional equipment is necessary for a period of fourteen (14) days or less, notify the City of installation of such additional equipment.

(4) Within thirty (30) days after completion of operations, the applicant shall provide to the City as-built drawings showing all facilities, pipelines, flow lines and gathering lines which the applicant has placed on the land subject to this permit.

(b) Inspections. In recognition of the potential impacts associated with oil and gas drilling and well operation in an urban setting, all wells and accessory equipment and structures may be inspected by the City at reasonable times to determine compliance with the applicable provisions of this Article, the City's building and fire codes and all other applicable City health or safety standards. For the purpose of implementing and enforcing the provisions of this Article, City personnel have the right to enter upon private property after reasonable notification to the operator, which provides the operator an opportunity to be present.

(c) Inspection fee.

(1) The inspection fee set forth in Appendix A to this Code shall be payable per well for each year or part of a year during which such well has not been plugged and abandoned. No inspection fee shall be due for any year following the year in which a well is plugged or abandoned, unless a special use permit is granted with respect to such well. No inspection fee shall be due for any calendar year in which the fee for an application for special use permit, as provided in Subsection (e) below, is paid. Any inspection fee which becomes due and payable after January 1 of each year shall be paid by the operator within thirty (30) days after receipt of an invoice from the City. An operator contesting the amount of the invoice may, upon payment of the invoice under protest, appeal directly to the City Council.

(2) If the operator fails to pay the inspection fee imposed by this Section when due, a penalty of ten percent (10%) shall be added to the amount of the fee due, together with interest on the amount due at a rate of one percent (1%) for each month or portion thereof for which the fee is unpaid. The City Manager may, in his or her sole discretion, waive the penalty for good cause shown.

(3) The City may recover in an action at law the amount of the inspection or other fees and costs imposed by the provisions of this Section and penalty and interest due and unpaid under this Section, as well as all costs, including attorney fees, incurred by the City if it prevails in enforcement of this Article.

(d) Use tax. All operators must conform to applicable provisions of this Article and this Code concerning taxation.

(e) Application fee. A nonrefundable fee as established in Appendix A shall be payable for each separate well shown on the site plan which shall accompany the application. The oil and gas special use permit application fee is in addition to any other fees charged by the City.

(f) Additional fees. In addition to the above, the applicant for an oil and gas special use permit shall be responsible for all fees and charges incurred by the City in connection with such application, including but not limited to legal fees, planning fees, engineering fees and filing or recording fees. (Ord. 40 §2, 2006)

Sec. 6-6-50. Site plan application requirements.

An application for a special use permit pursuant to this Article shall be filed with the City Clerk and shall include the following information:

h. Proposed sanitary facilities that must comply with Section 602(f) of the OGCC rules.

i. A noise, odor and dust abatement plan, if applicable, to control impacts on adjacent properties.

j. An access and transportation route plan. (Ord. 40 §2, 2006)

Sec. 6-6-60. Application review criteria.

The City Council shall approve an application for an oil and gas special use permit for a well site if the application submitted by the applicant conforms to the following requirements:

(1) The site plans for a well site application comply with the requirements of Paragraph 6-6-50(1) of this Article.

(2) The vicinity maps for a well site application comply with the requirements of Paragraph 6-6-50(2) of this Article.

(3) The narrative for a well site application complies with the requirements of Paragraph 6-6-50(3) of this Article.

b. Avoid conducting on-site operations and maintenance activities during critical use hours.

c. Confine vehicular access to established roads except under emergency circumstances.

d. Forbid use of firearms in project areas.

e. Install gates which can be locked at the first property boundary crossed when accessing the facility from the closest public road.

g. Place pipes below channel scour depths in water courses to avoid partial diversion of channel discharges.

h. Stabilize excess material at watercourse crossings in place or remove off site.

i. Complete fueling and lubrication of construction equipment or vehicles away from the well site.

(4) Multiple sites. In lieu of a site-specific mitigation review for each oil and gas operation facility, the applicant may submit to the City Planning Department a multi-site plan addressing cumulative impacts to wildlife from the total facilities.

Sec. 6-6-220. Violation and enforcement.

(a) Except as otherwise provided in this Article, it is unlawful to construct, install or use, or cause to be constructed, installed or used, any oil, gas or injection well, production site or well site in violation of any provision of this Article or of the conditions and requirements of the oil and gas special use permit unless approval has been granted by the City Council. The unlawful drilling or redrilling of any well or the production therefrom is a violation of this Article.

(b) Penalty. Any person, firm, corporation or legal entity which constructs, installs, uses or causes to be constructed, installed or used any oil, gas or injection well, well site or production site, or commits any act or omission in violation of any provision of this Article or of the conditions and requirements of the oil and gas special use permit, may be punished by a fine of not more than one thousand dollars (\$1,000.00), by imprisonment for not more than one (1) year, or by both such fine and imprisonment. Each day of such unlawful operation constitutes a separate violation.

(c) Civil action. In case any building or structure is or is proposed to be erected, constructed, reconstructed, altered or used, or any land is or is proposed to be used in violation of any provision of this Article or the conditions and requirements of the oil and gas special use permit, the City Attorney, in addition to the other remedies provided by law, ordinance or resolution, may institute an injunction, mandamus, abatement or other appropriate action or proceeding to prevent, enjoin, abate or remove such unlawful erection, construction, reconstruction, alteration or use.

(d) False or inaccurate information. The City Council may revoke approval of an oil or gas special use permit if it is determined after a public meeting, held on at least ten (10) days' notice to the applicant, that the applicant provided information or documentation upon which approval was based, which the applicant, its agents, servants and employees, knew, or reasonably should have known, was materially false, misleading, deceptive or inaccurate.

(e) Prospective application. Unless specifically provided otherwise, this Article shall apply only to wells that are drilled in the City on and after the date this Article is adopted. The reentering of a well in existence prior to the date of adoption of this Article, for purposes of deepening, recompleting or reworking, shall not require approval of an oil and gas special use permit as required by this Article.

(f) Recovery of fees. The City shall be entitled to recover from any party that violates or fails to comply with any provision of this Article, in addition to any other penalties or remedies which may be available, all damages, costs, expenses, expert witness fees and attorney fees incurred by the City for enforcement of the provisions of this Article. Sec. 6-7-10. Definitions.

As used in this Chapter, the following terms shall have the meanings indicated:

Ashes means the residue from the burning of wood, coal, coke, paper or other combustible materials.

Garbage means putrescible animal and vegetable wastes resulting from the handling, preparation, cooking and consumption of food for human or animal consumption.

Refuse means and includes any grass clippings, leaves, hay, straw, manure, shavings or paper; garbage, rubbish, ashes, boxes, glass, cans or bottles; dead animals; abandoned automobiles, street-cleaning debris, solid industrial wastes, discarded building and construction materials, including but not limited to plaster, broken concrete, bricks, cinder blocks, stones, wood, roofing material, wire or metal binding, sacks or loose discarded or unused material; all rubbish of any kind or nature whatsoever; and any other materials commonly known as *rubbish* or *refuse* of any kind or character or by any means known.

Rubbish means nonputrescible solid wastes, excluding ashes, consisting of both combustible and noncombustible wastes such as bedding, crockery and similar materials and any type of debris, trash, waste or rejected matter.

Toxic refuse means refuse which is dangerous to health, or defined as *hazardous* or *toxic* by any state or federal regulation, including used motor oil, gasoline, medical wastes, chemicals or pesticides, or which is unsanitary or putrid. (Prior code 6.04.010; Ord. 4 §1, 2005)

Sec. 6-7-20. Registration and licensing of refuse haulers.

(a) Only the following may collect, transport or remove refuse, garbage, rubbish or toxic refuse from any location within the City:

- (1) An individual removing refuse from his or her own property, using his or her own equipment.
- (2) The City, utilizing the collection system hereinafter established.
- (3) Licensed refuse haulers.

(b) No other person shall collect, transport or remove refuse, garbage, rubbish or toxic refuse from or over any of the streets or alleys of the City. (Prior code 6.04.030; Ord. 4 §1, 2005)

Sec. 6-7-30. Collection system established.

A system for the collection and disposal of refuse is established for the benefit of all persons residing within the City limits. This system shall serve all commercial, industrial and residential establishments within the City, except for customers of licensed refuse haulers. Refuse shall be collected at least once per week by the City from all locations within the City limits, and more often when deemed necessary or appropriate by the City Manager. (Prior code 6.04.040)

Sec. 6-7-40. Initiation and termination of service.

(a) Any commercial or industrial customer desiring to initiate or terminate City trash collection service shall apply to the City on forms provided by the City.

(b) Initiation of service shall be effective upon the customer's receipt of a City-provided container. Containers will not be delivered until issuance of a certificate of occupancy. Upon initiation, the customer shall be billed for the portion of the billing cycle in which trash collection services were provided. (Prior code 6.04.045)

Sec. 6-7-50. Assessment for costs.

(a) All water or sewer service customers situated within the City who are subject to the minimum water and sewer billing requirements of Subsection 13-1-380(g) and Chapter 13, Article III, Division 5 of this Code shall also be assessed the cost of the City refuse collection system in at least the minimum rate set forth in Appendix A to this Code. This charge shall be for the operation and maintenance of the City refuse collection system. This charge will be billed to each customer as part of the combined municipal utility bill which is sent to each utility customer. This charge will be assessed and become due and payable against each municipal utility customer, regardless of whether the City refuse collection system is used except as provided in Subsection (b) below. This minimum charge shall not be assessed in the event the premises are physically disconnected from the City water and/or sewer service lines serving the premises. This minimum charge shall not be assessed against those industrial or commercial establishments or multi-family residential buildings containing eight (8) or more units exempted by the provisions of Section 30-15-401(7), C.R.S. This minimum charge shall be assessed against those residential establishments consisting of single-family residences or multi-family residential buildings containing seven (7) or fewer units as provided in Section 6-7-180 of this Article.

(b) The City Manager shall determine the rate classification for each customer, and may modify a customer's rate classification as often as he or she deems necessary, depending upon the amount of refuse generated by the customer. The City Manager may also deviate from the schedule of refuse collection rates and charges listed in Appendix A to this Code when negotiating with any industrial or commercial establishment or multi-family residence of eight (8) or more units exempted by the provisions of Section 30-15-401(7), C.R.S., in order for the City's refuse collection system to remain competitive. The City Manager may determine the costs and charges for special pickup requests by individual customers, and may waive or modify these costs and charges in the event of a City-wide clean-up program. Any such actions shall be promptly reported to the City Council.

(c) The rates and charges set forth in Appendix A to this Code shall not be construed to constitute a limitation upon the amount of refuse that may be deposited, but merely as intended for the purpose of determining the rates or charges to be assessed.

(d) Any two (2) or more commercial customers may agree with each other to share the use of a dumpster or other commercial trash receptacle. Any such agreement shall be subject to the approval of the City Manager, shall be in writing and shall specify the customer who shall be solely responsible to the City for the payment of the refuse removal charges. (Prior code 6.04.050; Ord. 4 §1, 2005; Ord. 1 §7, 2010)

Sec. 6-7-60. Rates, charges and requirements.

(a) Rates and charges for the City refuse system shall be as set forth in Appendix A to this Code.

(b) Except as provided in Section 6-7-180 of this Article, each residential dwelling unit shall pay a minimum of the charge set forth in Appendix A to this Code for the smallest container offered by the City.

(c) The City Manager has the authority to adopt written rules and regulations concerning collection and disposal of refuse and/or relating to the hauling of refuse in and over the streets of the City, as he or she may deem necessary. The types and quantities of items that the City shall collect through special services shall be determined from time to time by the City Manager, who shall provide notice to City trash customers of such special services. A copy of all written rules and regulations shall be available for inspection at the City Clerk's office during regular business hours. (Prior code 6.04.060; Ord. 4 §1, 2005)

Sec. 6-7-70. Payment and interest.

(a) Statements for refuse collection service shall be provided to customers at intervals established by the City Manager and ratified by resolution of the City Council; however, billing intervals shall not be more frequent than monthly nor less frequent than quarterly. Statements shall include any additional charges, tolls, fees and assessments related to refuse collection service, such as late payment penalties, duplicate bill fees and other charges. Whenever possible, statements for refuse collection service charges will be directed to the owner of premises served rather than the occupant. In no event shall the City bill the owners of individual units within a multiple-unit building unless each unit has separate refuse collection service.

(b) Statements shall be mailed before the specified billing period and shall be payable by the twenty-fifth day of the month. Amounts outstanding after the twenty-sixth day of the month shall accrue interest at the rate of one and one-quarter percent (1¼%) per month. (Prior code 6.04.065; Ord. 4 §1, 2005)

Sec. 6-7-80. Collection; perpetual lien.

(a) All rates, charges, tolls, fees and assessments for City refuse collection service shall be paid by the owner of the premises served. The City shall not be bound by any agreement between an owner and occupant concerning refuse collection service payments, irrespective of whether the City has been notified of the agreement. Until paid, all refuse collection rates, charges, tolls, fees and assessments shall become and remain a first and perpetual lien on or against the premises served. This lien on the premises may be foreclosed by an action at law or in equity in the name of the City in any court having jurisdiction thereof. The City shall have the right to collect from any customer delinquent on his or her account all legal, court and other costs necessary or incidental to collection of any delinquent amount, including reasonable attorneys' fees, filing fees and recording fees.

(b) In the event any rates, charges, tolls, fees and assessments are not paid when due, the City Treasurer may certify the amount to the County Treasurer, to be placed on the tax list for the current year and collected in the same manner as other taxes are collected, with ten percent (10%) added to defray the costs of collection. All laws of the State for the assessment and collection of general taxes, including the laws for the sale of property for taxes and redemption of the same, shall apply. (Prior code 6.04.065)

Sec. 6-7-90. Delinquency; suspension of service.

If any rates, charges, tolls, fees or assessments for City refuse collection service remain unpaid for thirty (30) days, the City may at any time thereafter give written notice of such delinquency to the owner

of the premises served. If any amount is delinquent more than forty-five (45) days, the City at any time thereafter may give written notice to the owner that City refuse collection service shall, subject to the notice and hearing requirements of Section 6-7-100 below, be terminated if the delinquent amounts are not paid in full within ten (10) days of the delivery or postmark on the notice. It shall be lawful to post the shut-off notice on the front door of the premises served or mail the shut-off notice by certified mail. The City shall assess an additional charge as established in Appendix A to this Code for processing and preparation of any delinquency and/or shut-off notices provided to an owner as set forth herein. If an owner does not pay all delinquent charges within the ten-day period provided in a termination notice, then, subject to the notice and hearing requirements of Section 6-7-100, the City may terminate the refuse collection service to the premises served. (Prior code 6.04.065; Ord. 4 §1, 2005; Ord. 1 §4, 2010)

Sec. 6-7-100. Suspension of service.

In addition to having a first and perpetual lien on the premises served for unpaid refuse collection rates, charges, fees, tolls and assessments, the City shall have the right to suspend refuse collection service to the premises served for nonpayment or for failure to comply with any ordinances or rules and regulations of the City concerning refuse collection service. In the event of such nonpayment or noncompliance with the City's ordinances, rules or regulations, the owner shall be given written notice of the City's intent to suspend service. The forty-five day suspension notice shall state that the owner is entitled to a hearing in person before suspension of service if so requested in writing prior to the hearing date specified in Section 6-7-90 above. The hearing, if requested, shall be held before an Administrative Law Judge ("ALJ") appointed by the City. At such hearing, the owner shall have an opportunity to present testimony and evidence to the ALJ. Following said hearing, the ALJ shall render a decision concerning suspension of service and any matter related thereto, and the ALJ's decision shall be final. If the ALJ renders a decision that service may be suspended, the City may immediately thereafter suspend service to the property. (Prior code 6.04.065; Ord. 1 §5, 2010)

Sec. 6-7-110. Placement of containers.

(a) For the City collection system, containers and all other authorized bags, cans, bundles or other items shall be placed on the street at the edge of the curb or in alleys in the areas marked by City staff. No containers or other authorized bags, cans, bundles or other items shall be placed in a manner which may present a pedestrian or vehicle traffic hazard.

(b) Containers and all other authorized bags, cans, bundles or other items shall be so placed no earlier than 4:00 a.m. and no later than 7:00 a.m. on the day of collection. Containers shall be removed from the street by the customer following collection on the same day the trash is collected.

(c) Containers and all other authorized bags, cans, bundles or other items may be placed in other locations accessible to City sanitation trucks if approved by the City Manager. (Prior code 6.04.070; Ord. 4 §1, 2005)

Sec. 6-7-120. Requirements for City trash containers.

(a) Unless specifically authorized by the City Manager, the City shall collect trash only from those trash containers meeting City specifications compatible with City collection equipment.

(b) The City will initially provide one (1) sixty-four-gallon, ninety-six-gallon or three-hundred-gallon container to each residential or commercial customer at the time the dwelling unit is first served. Thereafter, the customer shall be responsible to maintain it in good condition. However, the City may perform minor repairs to the containers as appropriate in the City's discretion. Replacement of the container, if required due to user neglect or loss of the container for any reason, shall be at the customer's expense. All containers are owned by the City and shall not be removed from the property served.

(c) Upon termination of service, any City-supplied commercial container must be in good condition or the customer will be charged for the cost of repair or replacement.

(d) Each customer shall request and pay for a sufficient number of complying containers adequate to accommodate the amount of trash normally generated by the customer. The City shall collect from its customers a designated volume of refuse not to exceed the volume of the container during the collection period for a specified charge. Extra accumulations or nonrefuse items may be collected upon request. The City has the authority to refuse to collect extra accumulations of refuse and/or nonrefuse items, or it may require additional charges for such amounts.

(e) Containers and all other authorized bags, cans, bundles or other items which are overfilled, overweight or dangerous shall not be serviced by the City. (Prior code 6.04.080; Ord. 4 §1, 2005)

Sec. 6-7-130. Special requirements for City system.

(a) Animal waste and disposable diapers shall be contained in plastic or sealed containers in a manner to prevent exposure of contents to the collection person or others.

(b) Except as permitted through a duly noticed and implemented special service, special pickup or spring cleanup, the following materials will not be accepted for collection: tree limbs or branches; material and debris produced by building construction, remodeling or demolition; toxic refuse; dead animal carcasses; bulk liquids; automobile and truck parts, bodies or chassis; abandoned appliances or furniture; any material which exceeds the capacity of the City's trash removal equipment; or any material which may constitute a danger or hazard, or cause injury to any of the City's employees or the City's trash removal equipment. (Prior code 6.04.090; Ord. 4 §1, 2005)

Sec. 6-7-140. Appeal procedure.

(a) Except where addressed by specific procedures, any customer aggrieved by a determination of the City with regard to rates, charges, tolls, fees or assessments for refuse collection service may appeal such determination to the City Manager. The customer shall furnish the City Manager with any factual information which the customer believes will show that the City's determination was in error. Upon review of the evidence submitted by the customer, but in no event more than thirty (30) days after the submission, the City Manager shall issue a decision concerning the customer's grievance.

(b) Any customer may appeal an adverse decision of the City Manager to a hearing officer, who shall be appointed by the City Council and who shall have the power to make adjustments as set forth in this Subsection. The City Council may appoint itself to act as a hearing officer and, when so acting, shall act by majority vote. The customer shall file a request for appeal with the City Manager within fifteen (15) days of the decision of the City Manager. The matter shall then be set for a hearing before the hearing officer, and the City shall provide the customer with ten (10) days' written notice of the time, date and

place of the hearing. At the hearing, the customer and City shall have the opportunity to present testimony and evidence to the hearing officer. Within fifteen (15) days of the close of the hearing, the hearing officer shall issue a decision. The hearing officer shall have the power to make an adjustment of charges if the customer has demonstrated, by a preponderance of the evidence, one (1) or more of the following:

- (1) That the customer has been charged the incorrect refuse collection rate.
- (2) That the refuse collection rates, fees or interest charges are in excess of the amount prescribed by ordinance.
- (3) That payments were received by the City and not properly credited to the customer's account.
- (4) That a City determination as to excess volume billed to the customer was in error.
- (5) That the utility statement was incorrectly calculated.

(c) The decision of the hearing officer shall be final. The pendency of any grievance to the City Manager or any appeal to a hearing officer shall not affect the obligation of the customer to pay any rates, charges, fees, tolls and assessments as the same become due and payable. (Prior code 6.04.100; Ord. 4 §1, 2005)

Sec. 6-7-150. Licensed refuse haulers.

Only those refuse haulers who have obtained current authority from the Colorado Public Utilities Commission and have registered such authority with the City Manager may collect, transport or remove refuse, garbage, rubbish or toxic refuse within the City. (Prior code 6.04.110)

Sec. 6-7-160. Collection vehicles.

Every licensed refuse hauler shall use a packer-type truck or vehicle, or a truck or vehicle equipped with a tight metal lining or side frames and a flameproof cover attached to such lining or side frames to prevent the loss of any contents thereof. Every licensed trash hauler shall identify such truck or vehicle in the manner required by law, rule or regulation of the Colorado Public Utilities Commission. A description of every truck or vehicle so used, together with the state registration number thereof, as well as the Public Utilities Commission identification, shall be filed with the City by every licensed refuse hauler. (Prior code 6.04.120; Ord. 4 §1, 2005)

Sec. 6-7-170. Contracts with City.

Any industrial or commercial establishment or multi-family residence of eight (8) or more units exempted by the provisions of Section 30-15-401(7), C.R.S., from the payment of the rates and charges for the City refuse system shall file with the City Manager a valid contract for refuse removal services with a licensed refuse hauler at least thirty (30) days before the beginning of the quarter in which the customer intends to cease using the City refuse system. Failure of the customer to so file the contract shall make the customer responsible for payment of the refuse removal fees set forth herein. (Prior code 6.04.130; Ord. 4 §1, 2005)

Sec. 6-7-180. Residential contracts in annexed areas.

(a) All single-family residences or multi-family residential buildings within the City limits containing seven (7) or fewer units existing and located in areas of the City annexed on or before April 19, 1994, shall be subject to the City refuse collection system assessment as set forth in Section 6-7-50 of this Article.

(b) Owners of all single-family residences or multi-family residential buildings containing seven (7) or fewer units located in areas of the City annexed after April 19, 1994, shall be required to demonstrate to the City that they have contracted with either the City or a private entity lawfully providing waste services within the City to provide residential refuse collection service. Compliance with the provisions of this Subsection (b) shall be as follows:

(1) Owners of existing single-family residences or existing multi-family residential buildings containing seven (7) or fewer units shall elect a residential refuse collection service by notifying the City Manager of their intent to utilize the City service or by filing with the City Manager a valid contract for refuse collection service with a private refuse hauler no later than ninety (90) days following the effective date of the initial ordinance codified herein. Failure to elect City or private refuse collection service within ninety (90) days of said effective date shall result in a default election to utilize the City service.
