Cultivation, Manufacture, Distribution and Sale of Medical Marijuana

Sec. 12-7-10. No issuance of local license for the cultivation, manufacture, distribution and sale of medical marijuana.

The Board of County Commissioners, as the "Local Licensing Authority" for the County, as defined in Section 12-43.3-104(5), C.R.S., shall not issue a local license for the cultivation, manufacture, distribution and sale of medical marijuana within the County, pursuant to the authority provided in Section 12-43.3-301, C.R.S. Furthermore, the lack of specific standards for local license issuance for the cultivation, manufacture, distribution and sale of medical marijuana within this Code, as described in Section 12-43.3-301(2), C.R.S., shall not be construed in any manner whatsoever as consent to the issuance of a local license by and through said Colorado statute, or by and through other operation of law. (Weld County Code Ordinance 2011-8)
